☐ Aftercare Assistance Application
☐ Signed Discount Agreement with Veterinarian
☐ 2018 W-2 with Tax Return and/or Social Security Benefit Information for all household members
☐ If the recipients parents share custody, we will need an application from each guardian
Frequently Asked Questions

Why does Canine Assistants make us submit all these details about our finances?
Canine Assistants was established 26 years ago in order to help those that could benefit by the help of a service dog. Since that first year our waiting list has grown considerably, and the demand on our resources is overwhelming. We want to provide aftercare for those that truly need the help, and ask those that can afford to do so, to cover the care for their dogs. This allows us to help as many people as we can.

I don’t make enough money to file for taxes, what information do you need from me?
Please submit your Social Security benefit letter.

My child is under 18, do I need to submit my tax information?
Yes, all members in the household need to submit tax information or Social Security benefit letters.

My child is over 18 but still lives at home. What information do you need?
As the application says, all members of the household need to submit tax information or their Social Security benefit information.

My child lives at home and is over 18 but pays their own expenses including rent to us. Do you still need our information?
Yes, we still need tax information for all household members. If the applicant is paying rent to their parents, please fill out the application for monthly expenses accordingly.

I’m not sure if my veterinarian will offer a discount. Do you need a confirmed discount?
The board requires that you are working with a veterinarian that offers some type of discount, whether it is a percentage or no charge for office visits, etc...

My veterinarian offers a discount but he just doesn’t charge me for things or it is different each time, will this work?
We prefer to have some type of discount in writing. Unfortunately, we have had to start asking for this in writing, to avoid any miscommunication.

We use Canine Assistants as our veterinarian. Do we need to apply for financial assistance?
If there is any chance that in an emergency, you would need to use another vet clinic, apply for financial aid for emergencies only.

We can handle the regular expenses like food and annual visits but might need help in an emergency. Should we apply?
Yes, apply and please write that in the section that asks for reasons for after-care assistance.

How long will it take for me to be reimbursed?
It will take a minimum of 30 days from the date that the invoice was submitted.

Dear Vet Clinic,

Canine Assistants® is a non-profit organization, founded in 1991, which trains and provides service dogs for children and adults who have physical disabilities or other special needs. In addition to physically assisting those who have disabilities, Canine Assistants service dogs are instrumental in removing many of the barriers faced by those who have disabilities in today's society. Once Canine Assistants® places dogs with their human partner, we do our best to help care for the health of our dogs for their lifetime. If needed, we will provide lifetime veterinary care and food for our dogs in service. Because we function on donations, we are looking for help from veterinarians across the country. We were hoping that we could ask for your help by offering our recipients a “service dog” discount for services rendered. By offering one of our service dogs a discount for services, this allows us to use more of our funds into placing more of these amazing dogs with people in need. Also, any discounts you are able to give on services are tax deductible. At the end of the year, we would be happy to send you a receipt if you mail us a copy of the total amount of money discounted for that year. If you have any questions, feel free to browse our website at: www.canineassistants.org or call our office 1-800-771-7221 (our on site veterinary clinic can be reached at extension 211).

Thank you in advance for your consideration,

Canine Assistants
